EVALUATION PROCESS

1 DEMO FAIR
14:00-16:00

- All teams present at their tables and give a short 5-minute pitch.
- Judges walk around, review each project, and ask questions.
- After all demos, judges select the Top 5 teams for the final stage.

2 FINAL STAGE
16:00-18:00

- The Top 5 teams present their projects on stage.
- Each team gets 5 minutes to present plus 3 minutes of Q&A.
- Judges deliberate after the presentations and decide the winners.

HACKATHON

CASE

CHALLENGE

This hackathon challenges you to enhance life at campus. Identify real frustrations, inefficiencies, or missed opportunities in campus life and turn them into meaningful digital solutions. Whether it’s improving communication, optimizing workflows, or creating more engaging experiences, your goal is to make campus life better in a tangible way.

TARGET AUDIENCE

The target audience can be anyone who interacts with the campus: students, teachers, administration, service, IT support, canteen, campus café…
